Greetings to all relatives in the name of our Creator!

Throughout the year, we have hosted Plan of Action (POA) meetings via Zoom, provided press releases on behalf of the Native American Indian Caucus, and redesigned the website. The website redesign was largely to reduce navigation issues and verifying that the site complies with ADA code regarding sight issues. We have also promoted timely news articles regarding important issues that impact Indian Country and writing articles about sovereignty and justice issues.

Our website continues to provide resources for public consumption. During the last year, we had 1,317 page views and 642 unique visits. This is a slight decline from last year, some of which could be attributed to how Google Analytics now counts visitors. We had a spike of activity around annual meeting time again this year.

One of our POA meetings was recorded, and we offered that recording up on our YouTube page. We had an additional 29 views of the recorded session with Rev. Neal Christie regarding advocacy. In the coming year, there may be opportunities to discover our audience and engaging that audience. The committee will continue to discover ways to share information with CONAMs that are relevant to their ministries.

Blessings,  
Todd Warfield
